## AACE International

AACE International is a 501(c)(3) non-profit professional association. Since 1956, AACE International has provided its members with the resources they need to enhance their performance and ensure continued growth and success.

## Certified Cost Professional

Since 1976, AACE's CCP has recognized several thousand certified individuals as Certified Cost Professionals. AACE's CCP is independently accredited by the Council of Engineering & Scientific Specialty Boards (CESB).

CCP certification distinguishes cost and management professionals who have the knowledge and skills that impact the bottom line. AACE certification ensures a high quality standard.

## Why choose 3FOLD for your CCP Exam preparation?

1. PMI Global registered Education provider.
2. AACE International Approved Education Provider.
3. Educational Service Permit by KHDA, Dubai.
4. Trained more than 18000 students in the last 10 years.
5. Certified and Experienced faculty in industry and teaching.
6. Very high exam pass success rate.
7. Refresh your knowledge with our Free Retrain Scheme\*.
8. Complete support to apply Certification Membership, Exam and Re-certification application process.

\*Retrain Scheme: This scheme applies only if you failed in the exam. Valid for one year from the date of enrollment. Seats will be provided subject to availability.

# TCM FRAMEWORK

## SKILLS AND KNOWLEDGE OF COST ENGINEERING

This training program is completely aligned with AACEI Skills and Knowledge of Cost Engineering Sixth Edition.

Now in its 6th edition, this updated and expanded guide for fundamentals is an excellent choice for anyone interested in a concise reference to all aspects of the cost engineering profession. The 6th edition includes 34 chapters on cost estimating, planning and scheduling, progress and cost control, project management, economic analysis, risk, and much much more.

### What you will learn in this program?

#### SECTION 1 - COST

Cost Elements  
Pricing  
Materials  
Labor  
Engineering  
Equipments, Parts, and Tools  
Economic costs  
Activity Based Cost Management

#### SECTION 2 - COST ESTIMATING

Estimating  
Process product Manufacturing  
Discrete Product Manufacturing

#### SECTION 3 - PLANNING & SCHEDULING

Planning  
Scheduling

#### SECTION 4 - PROGRESS & COST CONTROL

Progress Measurement and Earned Value  
Earned Value for Variable Budgets  
Tracking Cost and schedule performance  
Performance and Productivity Management

#### SECTION 5 - PROJECT MANAGEMENT

Project Management  
Project organization Structure  
Project Planning  
Project Labor cost control  
Leadership and Management of Project  
People  
Quality Management  
Value Analysis  
Contracting for Capital Projects  
Strategic Asset Management

#### SECTION 6 - ECONOMIC ANALYSIS

Basic Engineering Economics  
Applied Engineering Economics

#### SECTION 7 - STATISTICS, PROBABILITY, & RISK

Statistics & Probability  
Basic Concepts in Descriptive Statistics  
Risk Management

#### TECHNICAL PAPER

Guidelines & Review

### EXAM STRUCTURE

The CCP exam contains two components: the multiple choice written exam and the 2,500 word technical paper. Both components must meet the minimum overall score of 70% in order to successfully pass the exam

**MULTIPLE CHOICE EXAM:** The exam is delivered through computer based testing (CBT) and is comprised of multiple-choice and compound, scenario questions. The topics covered in the exam are: Basic Cost Engineering Skills & Knowledge, Economic Analysis, Project Management, and Cost Estimating and Control.

**TECHNICAL PAPER:** The Certification Board recommends your technical paper topic be something with which you are already familiar, such as a project you have done at work or something in which you have acquired a great deal of expertise in your professional career. The chosen topic is not as important as your ability to communicate through your paper. Be sure to follow the recommendations described in the Certification Paper Requirements guide.

The exam is closed book, but an onscreen formula sheet is accessible during the exam, if needed. Candidates are also permitted to bring any style of calculator, including programmable calculators, to use during the exam.

Technical paper

## We also prepare you for the following certifications

1. FIDIC Contracts Management and Administration
2. Certified Manager of Quality / Org. Excellence
3. Project Management Professional
4. Certified Management Accountant
5. Certified Six Sigma Green Belt
6. ISO 9001 QMS Lead Auditor
7. ISO 9001 QMS Internal Auditor
8. ISO 45001 OHSMS Lead Auditor
9. ISO 14001 EMS Lead Auditor
10. LEED Green Associate
11. LEED Accredited Professional
12. LEED GA/AP (BD+C) Combo
